**7.2.1 - Describe two best practices successfully implemented by the Institution as per NAAC format provided in the Manual.**

# Criteria 7- Best Practices

## Best Practice 2017-18

### Best Practice I

1. **Title of the practice:** VrakshValliAmhaSoyari Tree Plantation Program.

2. **Objectives of the practice:**

- To keep the campus pleasant, pollution free and eco-friendly every year.
- Tree plantation program organized by IQAC and NSS Dep.
- To create awareness and interest among students & common people about the importance of plants.
- To create environmental consciousness.
- The purpose of tree plantation is to save the endangered environment and to increase the beauty of the campus.

3. **The context:**

A clean environment is a basic necessity of human beings for health and efficiency. The main aim of his practice is to impart knowledge create awareness and develop an attitude of concern and nurture the plants. Many students and faculties participate and share their knowledge about the importance of tree and their conservation for an eco-friendly environment of campus.

4. **The practice:**

It is the important duty of students to plant more and more trees, herbs, shrubs, climbers, and creepers. These are the carriers of clouds and rain. Only nature produces more and more oxygen but it is only possible when our surroundings are full of trees and plants.

The IQAC and NSS depts. Organizes every year tree plantation programme i.e. 'VraksValliAmhaSoyari'.

Motivate students to donate a plant to people. Students become very alert and conscious about encouraging others to take social responsibility and shape their future. Every year varieties of plants are planted by the staff and students. The college has made conscious efforts to bring land under cultivation of medicinal, ornamental and conservation of local plants as well as other useful plants through NSS, faculties and college students.

Overall trees are very important to improve the quality of air and reduce pollution. Every year staff members give a speech about the importance of tree plantation, their use and sustainable development.

5. **Evidence of success:**

Collaboration of the Botany Dept., IQAC and NSS organize the tree plantation programme and speech on 'VraksValliAmhaSoyari'. Through this programme, we planted trees and made a promise that we will take care of every tree we planted.

6. **Problems encountered and Resources required:**

Generally, the students of Arts and Commerce are not knowing plants. But with this program, we have created an interest and information about trees to them. They share their

## Criteria 7- Best Practices

doubts and get answers from faculty members, no financial requirement and easy to arrange this programme.

### 7. Notes:

This practice of 'VraksValliAmhaSoyari' is one of the best activities to organize at the college level.

Every year this activity gives opportunities for students to make a green and eco-friendly campus.

It will help new generation students to create interest in research in plants and their uses.

# Criteria 7- Best Practices

## Best practice –II

### 1. Title of the practice - Blood donation camp.

### 2. Objective of the practice -

- I. To Create awareness of the need for safe Blood & blood product for blood transfusions and Critical Contribution voluntarily.
- II. To encourage those who have not yet donated blood to start donating.
- III. To focus attention on donor health and quality of donor care as critical factors in building donor commitment & willingness to donate regularly.

### 3. The contest–

1. A blood donation Camp was organized on 27 Feb. 2018 with courtesy of the civil hospital.
2. This blood donation camp student of our college, Staff members donated blood voluntarily. All donors get certificates from the blood bank.
3. It is in an attempt on behalf of the college
4. To involve one & all associated with theCollege to promote the blood donation for healthy atmosphere. It is a lifesaving Camp for human beings.

### 4. The practice -

IQAC and NSS Dept. of our College have organized a blood donation Camp at DavatpurTq. AUSA.A blood testing programwas also arranged.

For this,civil hospital Latur, blood bank staff members Dr. AshwiniBhise, Dr. NirajaNitnure, ShriSuryavanshi, etc. involved & made a successful programme.

Students and villager's total of 18 persons have donated their blood. The doctor from rural hospital, AUSA and Health Center of Lamjana they have tested the blood of 70 N. S. S. students & other people. N. S. S. program officer also donated blood and promoted the students.

### 5. Evidence of success:-

1. The camp was very successful and appreciated by all the villagers and officers and it became spiritual for the new generation of students.
2. The blood bank is also appreciated for thiswork.
3. More than a target, students donated bloodof their con free will.
4. Parents and other colleges highly appreciate the successfully organized blood donation camp. Hospital & blood bank staff advised organizing more blood donation camps in the future.
5. Problems encountered & resources required:-

# Criteria 7- Best Practices

Initially, students & faculty members in different attitudes but gradually they realize the significance of this practice & value of blood donation

- 6. **Notes**—This type of best practice can be implemented in other colleges also with uniformity, solidarity & will

# Criteria 7- Best Practices

2018-19

## Best Practice 1 – VrakshValliAmhaSoyari

### 1. Title of the practice-

“VrakshValliAmhaSoyari”

### 2. Objectives of Practice-

Trees are a significant component of any society. Our paths, parks, playgrounds and backyards are lined with trees that create calm atmosphere and improves our quality of life.

- To make awareness about conservation of biodiversity.
- To create optimum awareness and interest amongst the students and common people about medicinal plants.
- To identify the plants to be conserved.
- To increase public awareness about the efficacies of herbal drugs.
- To develop awareness for utilization of herbal medicines as home remedies for different diseases

### 3. The context

For this event that is vrakshvalliamhasoyari, No of students and faculty members were present and they also share their views and ideas about medicinal importance of plants and conservation of biodiversity

### 4. The practice

The college organizes ‘vrakshvalliamhasoyari’ programme every year. Speech on importance of plants is given by faculty members. Prof. Karanje has given the speech about environmental benefits of trees, medicinal importance etc. he awarded about planting trees which is vital to maintain balance in the ecosystem. He has given the knowledge about very rare medicinal plants decreasing in numbers and becoming extinct. He said how to conserve the plants and ultimately the conservation of biodiversity is maintained. Trees serve a natural habitat, which provide support to wide variety of flora and fauna. Planting trees is very important to improve the quality the of air and reduce pollution. Trees reduce soil erosion, because they bind the soil through their roots. Dr. D ADhaware mam has given the speech on medicinal importance of neem plant and others as well as on biodiversity conservation. She said the trees are greatest gift to life on earth. The trees are very important for humans, birds

## Criteria 7- Best Practices

and animals and these are sources of fruits and vegetables. Overall, the trees are pillars for sustaining life on earth. She also focused on wild medicinal plants and their importance and awarded about the conservation of very rare and important medicinal plants.

### 5. Evidence of success

The Response to the “Vrakshvalliamhasoyari” is overwhelming every year. Generally, the students of arts and commerce faculty are not having the knowledge about plants and their medicinal importance and many roles. But through this programme it is proved that the as like, all faculties’ students get the knowledge about plants and their importance. They share their doubts and they get answers from faculty members. Students get satisfied from the knowledge about different plants.

### 6. problems encountered and resources required

Students from arts faculty were not interested to learn or listen about the plants but we have greated the interest. Many students participated for this programme. For this programme no any financial support required. So easily we can arrange this programme.

### 7. Notes-

This event of vrakshvalliamhasoyari is one of the best activities to organize at college level every year this activity provides oppourtunity for students to discuss their doubts and questions about the plants and their importance and conservation.

It will also help to students to create interest about research in plants and related things.

## Criteria 7- Best Practices

### Best practice II- Blood donation camp

#### 1. Title of the best Practice II-

Blood donation Camp

#### 2. Objectives of the practice-

To motivate and maintain a permanent well indexed record of voluntary blood donors.

To educate the community on the beneficial aspects of blood donation and harmful effect of collecting blood from paid donors.

To promote AIDS awareness and education to the general public.

To sensitize the need of donating blood to the needy in time.

To motivate all students to take a pledge to donate blood at least once in a year.

To aware the scientific information about the blood group.

#### 3. The context-

N.S.S Department of shrikumar swami college organizes the blood donation camp every years.

College provides all facilities like space, furniture, blood group testing rooms with medicinal standard. The camp is inaugurated with the motivating sessions by doctors to make the students understanding the importance of this best practice.

#### 4. The practice-

Every year college organizes blood donation camp with the moto of helping to needy peoples. The students inspired and interested to donate blood whole heartedly. Before donating blood, the students will be informed that the underweight and the persons who are suffering from any disease, they will not be allowed to provide donations as the medical advice. Before donating blood, the students will be assessed to identify their quality of blood to be collected.

The students are informed that he should be of good health and feeling well. The weeks before their appointment they will informed that they get healthy amount of iron from food. They should eat vegetables like spinach and sweet potato, etc. we inform to students that there is no problem and risk after donating the blood and each donation increase their blood cells and

## Criteria 7- Best Practices

rejuvenated in the blood. On the day of blood donation, we also assess and inform to prepare themselves by drinking plenty of fluids and wearing comfortable clothes with loose sleeves that they can easily roll up above their elbow. We carry blood donation process into four steps i.e Registration, medical history, donation, and refreshments. Lastly after donation, donors will be informed scientific information regarding blood groups and give advice how it is useful.

### 5. Evidence of success

The donor students will get benefited by free health check up like blood pressure, pulse rate, body temperature and haemoglobin level. The donor will get information about their blood group. The donor gets card and certificate. By using this certificate, they will take the benefit for their family members who need the blood. The sick students will get proper medical advice from the health center.

### 6. Problems encountered-

Students from rural area are ignorant about their health issues. Students fear about needles and blood testing process. Some students are underweight and suffering from anemia due to mal-nutrition and low-quality diet.

### 7. Solutions provided-

Given advice to weak students to take proper diet, medicines to cure the disease. A viable database comprising of the blood groups of the alumni will be created and maintained. Any needy people can approach the college to get the donor's number. Thus, the college connects and helps to the society by helping blood needy peoples.

# Criteria 7- Best Practices

2019-20

Best practice – 1)

**VrakshValliAmhaSoyari** with the aim of this theme ShriKumarswamicollege, AUSA has implemented the best practice by organizing tree plantation programme.

Objective of the practice- Our institution is one of the big campus having 7 Acres and it has lot of the varieties of trees like Neem, Gold mohar and other trees. The objective of this practice is to sensitize the empower people to give back to nature and live in an environment which will be pollution free and good for health and wellbeing. We say to students and inspire them for sparing just a few hours at the weekends and work for making the greenery in the campus. From more than 40 years, our NSS. Team is working and student volunteers and staff take hard effects for changing the landscape in our institution. Our campus is rich with flora and fauna and rare variety of trees are there inside the campus. Therefore for maintaining the balance of ecosystem and for conservation of biodiversity students and staff contributing their time in institution.

#### Objectives-

- To know the value of environment, benefits of trees, beautification in and surrounding the college.
- To increase resilience of ecosystems.
- To create awareness among students about conservation of biodiversity.

**The context:** -The very important objective of tree plantation programme is to save our planet and mother earth by tree plantation with points as follows-

- To rising up the thinking level of students related to tree plantation work.
- To create the interest among the students regarding the values of trees and plants.
- To create awareness about conservation of biodiversity.
- To inculcate the programme of plantation can change the climate and during every first-year students.

## Criteria 7- Best Practices

**The practice:** - It is increasing. The camp was very successful. The blood banks never went with a single empty pocket, it shows the success of the programme. The student's enthusiasm motivates the institution to organize many programs like this. The donor students are given a certificate of appreciation.

### Problems Encountered and resources required-

- Misunderstanding among the people about blood donation.
- Students hailed from the village and poor backgrounds are found to be ignorant of their health status.
- Students are mentally not prepared for blood donation.
- Students are much phobic to needless and blood testing. Fear about post blood donation effect.
- Some students are underweight and anaemic due to nutrition. Effective awareness about blood donation is required.

### Solutions provided-

- The weak students are identified and advised to take the medicines for their illness. Plan to create a database of the blood donors.
- Available database comprising of the blood groups of the alumini will be created and maintained.
- Any recipient can approach the college to get the number. Thus, the college connects to the society.

## Criteria 7- Best Practices

2020-2021

**Best Practice - I**

**7.2.1.**

**I. Title of the practice - Vrakahvalli Amha Soyari**

Institution Organize a Program in each academic year entitled 'Vrakah Valli Amha Soyari' for awareness of medicinal plants. Number of resource persons give spe on importance of medicinal plants to inspire the students to grow these medicinal important plants at their home and farm to raise awareness to the society in importance of planting and saving trees.

**Objective-** To grow more trees with different varieties and to help biodiversity conservation.

- To promote the cultivation and conservation of medicinal plants.
- To identify the plants to be conserved
- To create optimum awareness and interest amongst the common people about medicinal plants.
- To increase public awareness about the efficacies of herbal drugs.
- To develop awareness for utilization of herbal medicines as home remedies for different diseases.

**The Context-**

For this event that is Vrakahvalli Amha Soyari No. Of students, researchers, faculty members were present on virtual platform and they share their views and id about medicinal importance of plants.

**The Practice-**

Due to pandemic situation our college organized online webinar under the theme of 'Vrakah Valli Amha Soyari' the first invited resource person was Dr. Dhole A Shri Kumarwami Mahavidyalaya Ausa Tq. Ausa Dist.Latur. She has given the talk on defensive role of medicinal plants for boosting immunity. She has given information about different medicinal plants like kutki, amla, turmeric, garlic ginger etc. Number of participants get benefit from this webinar.

The second invited resource person was Dr. Surendra Shinde Dept. of Botany, Balirumpatil College, Kinwat, Dist. Nanded. He has delivered the lecture on to Medicinal plants and its uses. The participants become aware about the use of medicinal plants and their conservation. The organizing committee was chief organi principal Dr. Betkar M. M., organizer Dr. J. A. Kadam, convener Dr. D. A. Dhuwase.

# Criteria 7- Best Practices

### The Evidence of Success-

It is proved that they share their doubts and they get answers from resource persons and all the participants get satisfied from the knowledge about the different medicinal plants.

### Problem encountered and resource required-

All the participants were interested to learn or listen about medicinal importance but network issue was created, but no any financial support not required so easily we can arrange this online program by using GoToMeeting app.

### Notes-

This event of "Vraksh Valli Amha Soyari" is one of the best activity to organize at college level. Due to pandemic days the organized webinar was very successful for creating interest about research related things.

## Criteria 7- Best Practices

### Best practice II

#### 7.2.1 Best practice 2: Webinar series

Due to pandemic situation our college organizes online webinar series at national and international level without any interruption.

**The Objective** of webinar is to educate, to demonstrate, instructor deliver information that is of interest to student's researches, knowledge sickers, intellectual class. Through these webinars the attendees can interact via chat and messaging, through some webinar hosts will also allow them to use their microphones to speak during the question answering session.

#### The context:

On the occasion Golden Jubilee year of the College, a series of 455 level Webinars organized.

All invited resource Persons were only women.

It's an endeavor of women empowerment and women dignity.

Series start date: 27 June 2020

Series End date: 31 Dec 2021

## Criteria 7- Best Practices

**The practice** Due to pandemic situation the Institution organized the webinar series at national and international level. So many educated people, student, researches got benefited to enrich the knowledge about different topics. The webinar series is organized by chief organizer principal Dr. Betkar M.M. IQAC Coordinator Dr. Kale S.S. Organizing committee members Vice principal Dr. S. D. Misal, Dr. Wadkar, Dr. Garad, Prof. Karanje sir, Utage sir, Dr. Karad, Dr. Shrivastava sir, Dr. Kullare sir.

Daily the webinar started at fixed time and hundreds of participants had get knowledge and shared their thoughts also due to which many points were cleared on the virtual platform.

### **Evidences of Success-**

The webinar series was very Successful and appreciated by hundreds of participants which became spiritual fir the new generation. Now we hope due to pandemic days it is one of the best option for spreading knowledge in virtual mode.

The Participants from different countries have joined like Brazil, USA, Canada, Malashiya etc. Number of participants were also joined from all over India that is from Rajasthan, Orissa, Gujarat, New Delhi, Punjab, Haryana, Tamilnadu etc.

### **Problems encountered and resources required-**

Sometimes the women resource persons can't come forward for any initiative but inviting women resource persons we get success for spreading the knowledge.

### **Notes-**

Due to pandemic days the organized webinar was very successful for creating interest about research related things.

## Criteria 7- Best Practices

2021-22

### Best practice - I

#### “VrakshValli amha soyari” Tree Plantation programme.

##### 1. Duration:

The year of inception 2021-22 years, this practice continues and will continue.

##### 2. Objectives:

- It has been observed that nature has been changing itself very tremendously and we are responsible for this change because of building and constructive.
- So, nature has been unbalanced and disturbed has ruined. Therefore, now we have to maintain this balance by the following points.
- To enhance the values of plants and the environment among the students.
- To make the campus as pollution free as possible to safeguard every connected stakeholder from the adverse effects of environmental pollution.
- To Keep the campus cool and clean by putting into practice an energy conservation strategy.

##### 3. Context:

This practice benefits the large mass of living beings. The college staff and students plant on the college premises annually during the rainy season. We are not only planting but taking care of them till they become independent.

After the plantation, the responsibility is given to the concerned employee to protect the plants.

The plants are inspected from time to time by green auditing committee members. During this plantation programme, some faculty members give a speech on the importance of tree plantation and the conservation of biodiversity.

##### 4. The practice:

- The college has developed a beautiful campus with greenery.
- The institution organizes the vrakshvalliamhasoyari programme every year.
- It is very important to plant more and more trees and these are the carriers of rain and cloud.
- Only nature can turn up the balance of nature to produce more and more oxygen, but it is only possible when our surroundings are full of trees and plants.

## Criteria 7- Best Practices

- Such type of programme is only possible when our new generation becomes more and more active towards the plantation programme. So we should plant more and more trees and protect them for the future of the new generation.

### 5. Evidence of success:

Our efforts of plantation work provoke the heart of the students and inspired them to go quickly on the nature and upgradation of the environment.

It is the result of the programme that 60% of students participated in the programme of plantation started by the college and administration.

Now we hope that after this programme of a plantation, there will be a feeling of true nature and beauty of the nature.

### 6. Problems encountered and resources required:

Some students were two naughty and they avoid the programme and deny such types of activities, but our learned and scholars faculties convinced them and ultimately, they agreed to the plantation work and realized the value and importance of the nature and environment. Not enough but they got knowledge about the importance of plants and the conservation of biodiversity.

## Criteria 7- Best Practices

**Tree Plantation**

## Criteria 7- Best Practices

**Title of the practice- II**

### **Blood Donation Camp**

#### **1. Objectives of the practice:**

It is a unique programme conducted by the institution every year.

To raise awareness among all the stakeholders individuals can save lives and improve the health of others by donating blood.

To encourage people and students to donate blood voluntarily without compensation and support the operation of safe and reliable blood services.

To instill the feeling of helping others to breathe life with their precious donation.

To be aware of the scientific information about blood groups.

#### **2. Context:**

The NSS Dept. and IQAC of Shri Kumarswami Mahavidyalaya, AUSA organizes the blood donation camp on Thursday, 15.12.2022 in collaboration with HDFC bank Latur.

The college provides all facilities like space, furniture, blood group testing rooms, and blood donation room with good hygiene and sanitation as per the medical standard.

The camp was inaugurated with a motivating session by medical officers and staff faculties to make the students understand the importance of this best practice.

#### **3. Practice:**

Before donation, the donor students will be screened to identify their blood group and the quality of blood to be collected. The underweight and infected persons will not be allowed to provide donations as medical advice. Donors will be provided with scientific information regarding the blood group and its associated diseases.

The college has a very active blood donation forum functioning under the leadership of NCC. It inspires the students to care for one another and promotes community relationships. After getting permission from students and their parents a directory is maintained in the college that keeps a record of blood groups and the contact details of the donors. The college conducts the blood donation camp in collaboration with.

#### **4. Evidence of success:**

## Criteria 7- Best Practices

The institution is an initiative that has now received a high level of acceptance. It gives a social outlook and social commitment among students. Informally, the students learn the value of sharing.

Social responsibilities among students have increased and they accepted the thought of saving other's life and they got awareness about various healthy practices for a better life. The programme was a very successful number of students and faculty members have donated blood.

### 5. Problems encountered and resources:

Students hailed from villages and poor backgrounds are found to be ignorant of their health status.

Students are much phobic of needles and blood testing. Some are underweight and anemic due to malnutrition and underweight.

### 6. Solutions provided:

- While testing the blood group the weak students are identified and advised to take the medicines for their illness.
- Plan to create a database of blood donors.
- A viable database comprising the blood groups of the alumni will be created and maintained.
- Any recipient can approach the college to get the donor's number.
- Thus, the college connects to society.

**STOP, READ AND GO**

**1. Objective of the practice:**

To create interest of reading in students.

**2. Need Addressed and the Context:**

Students are neglecting their habit of reading, even if they do, their reading is confined to prescribed texts. They do not read anything other than text books. The need is to increase the reading habit among students which is best with cultural development with no special attempts.

**The Practice:**

The practice involves the daily writing of selected saying from global literature on the decorative black-board at the entrance of main building. The best saying and thoughts are noted in colorful good handwriting. The selection of thoughts is purposefully done with consideration of importance of day or week.

**3. Evidence of Success:**

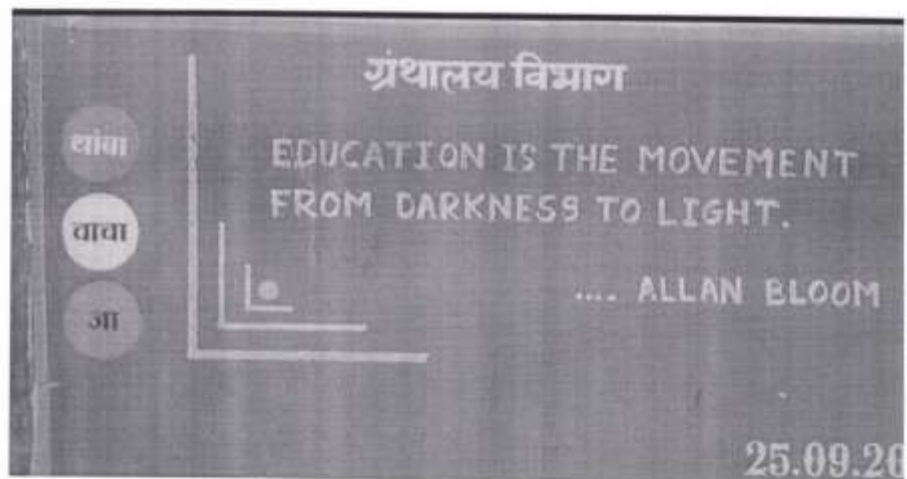

Most of the students get attracted towards the board at vicinity. He/she STOPS for a while, READS the lines and GOES to
